

~ Call for Papers ~

The 36th Annual Meeting of the Society for Philosophy and Psychology invites submissions of papers for June 9-12, 2010 Lewis & Clark College, Portland, Oregon

Papers may be submitted for presentation **in one of three formats** during contributed sessions or for poster presentation. Submitted papers are refereed and selected on the basis of quality and relevance to philosophy, psychology and other sciences of the mind.

1. **45 Minute Contributed Sessions with Commentators:** Suitable for longer papers featuring empirical research or sustained arguments on complex issues. Papers must not exceed a length of 3,500 words and should be accompanied by an abstract (of less than 300 words).
2. **15 Minute "Cutting Edge" Research Presentations:** Suitable for brief presentations of exciting new empirical research or works in progress. An abstract of not more than 1,500 words should be submitted.
3. **Poster only presentations:** Best for those who prefer the poster presentation format, and can communicate the substance and significance of their work in a short abstract. An abstract of not more than 750 words should be submitted.

Submissions in the first two categories that are not accepted for oral presentation will automatically be considered for presentation as posters, unless the author stipulates otherwise.

Papers and abstracts must be written in a format appropriate for anonymous review and employ gender-neutral language. Individual authors may submit only one paper or abstract as first author, though they may be co-authors on other submissions.

This year's submission deadline is **February 1st, 2010**.

All submissions will be made using our online submission system, which is now open. Check the website for details.
