Welcome!

We are excited to welcome all of you to the University of Pittsburgh for the 49th annual meeting of the Society for Philosophy and Psychology! We are excited to share this year's program.

This year, we received a record number of submissions, many of which were extremely high quality. We thank all of you who have refereed abstracts for this conference, which we recognize involved a substantial amount of volunteer time. We are also grateful to the members of our William James Prize Committee. Finally, thank you to the Pre-Conference organizers for putting together a fantastic line-up of speakers, and to the Diversity Committee, who have been spearheading new initiatives including the mentorship lunch and diversity travel awards.

We would also like to thank the generous support of our sponsors and centers at the University of Pittsburgh, including the [Center for Philosophy of Science](#) and the [Kenneth P. Dietrich School of Arts and Sciences](#) at the [University of Pittsburgh](#).

We wish you all a wonderful week with us at SPP, and look forward to seeing you all!
